

BRAWNER & ASSOCIATES

Donnie J. Brawner

President, Principal Designer Consultant

Donnie Brawner has been engaged in the entertainment business as a designer, consultant and manager for over twenty years. As the president of Brawner & Associates he is responsible for the over-all design direction and implementation of the companies' projects and business endeavors. While Mr. Brawner manages a staff of associate designers and consultants he is intimately involved in each project ensuring the success from vision to reality.

He has extensive experience in entertainment consulting, auditorium design, theatrical planning, lighting design, production management and all aspects of live event production from producing to design and execution.

ORGANIZATIONS

American Institute Of Architects (AIA)
International Association Of Lighting Designers (IALD)
Entertainment Services Technology Association (ESTA)
United States Institute Of Theatre Technology (USITT)
Christian Association for Technical Support (CATS)

I've been impressed with your depth of technical knowledge and your ability to communicate your specialized designs with the owner representatives. The owner felt they could trust your recommendations and design. I know that we're in good hands when we have your design team on board. Ittner appreciates the ability to work with Brawner and Associates as a team member in the design process.

*Carolyn Green, Architect,
William B. Ittner Architectural*

"Brawner & Associates is a leading force in designing lighting for churches "right." Donnie and his group work corporately with our staff listen and react accordingly to our needs. The end result of their work will greatly enhance any worship environment or production. I highly recommend Brawner to anyone serious about doing it"right"

*Buster Pray, Associate Pastor Of
Worship,
First Baptist Church Of Springdale*
